About Us

GoCare Training Institute (GTI) is a fully registered and accredited technical college offering artisan, certificate and diploma courses. The college started training and academically empowering passionate learners in 2018 and is fully registered, accredited, regulated and licensed by The Ministry of Education, The Technical and Vocational Education and Training Authority (TVETA), National Industrial Training Authority (NITA), The Technical and Vocational Education and Training Curriculum Development, Assessment and Certification Council (TVET CDACC), The Kenya National Examinations Council (KNEC), A member of The Kenya Association of Technical Training Institutions (KATTI). The Kenya Health Professions Oversight Authority (KHPOA) licensure certificate and diploma medical and health sciences courses trained one year and above. We are a certified, accredited and an approved global examination center for international training, examination, and certification by accrediting bodies such as The American Medical Certification Association (AMCA), United States of America (USA), Skill Development Council – SDC Canada, and ICDL Global Foundation, International Certificate of Digital Literacy, Ireland. The programs we train are registered, regulated, certified, examined, accredited, and licensed by these Kenyan authorities and certified by international bodies thus our students have a strong and legally recognized foundation for studying now and furthering education and careers in future, locally or internationally, and seeking job opportunities, locally and abroad.

Our Vision;

To be the leading and most preferred center of excellence in equipping learners with useful knowledge and skills.

Our Mission;

To carefully and diligently equip learners with adequate skills and knowledge that help them to exceptionally stand out in the job market while delivering excellent services in the society, confidently and in a competent manner.

Our Core Values:

GoCare Training Institute Board of Directors, Principal, Management and all members of staff are guided by the following core values:

- **Integrity** - We are honest, do what is right and build a trustworthy relationship between our staffs, students and partners.
- **Excellence** - We distinctively deliver on every assignment effectively and efficiently through processes and ways that put a smile on the learners and all that we serve.
- **Compassion** - We are kind, caring, and empathetic with those we serve and with each other. We respect everyone, all the time.
- **Client satisfaction** - We show how we value our new and existing client relationships by being committed to our promises on service delivery, listening, respecting, and promptly responding to our customers' needs.
- **Innovation and Skills Development** - We continually learn, create, innovate and develop new or adjust existing systems or processes to improve our work and advance our staffs knowledge and skills through adequate training to enhance their ability to effectively meet the training and clients' needs now and in the future.

Train with the experts... Become an Expert!!

GoCare
Training Institute

TESTIMONIALS:

"GoCare were very professional during my mum's illness and provided with excellent 24-hour home based care. We appreciated the openness in getting us the right carers and changing them when we needed it. The wholistic care which included physiotherapy and even helping us source for medical products was very appreciated. They walked with us up until my Mum's demise and past the funeral service which was a great comfort"
Grace.

"This is the best school for learning the patient attendant course. They offer the best attachment in hospitals. This school you are looking for to do this course. 100%"

And Other Diverse Job Opportunities Both Locally and Internationally.

JOBS AND WORK OPPORTUNITIES

Our good name, reputation, legitimacy, industry leadership and credibility have over many years (a decade+), given a competitive advantage to our students in seeking available job and employment opportunities locally and abroad. In addition, where possible and when available, we partner with employment agencies, facilitate, advise and support our students to advance their careers and help network for available job opportunities, both locally and internationally.

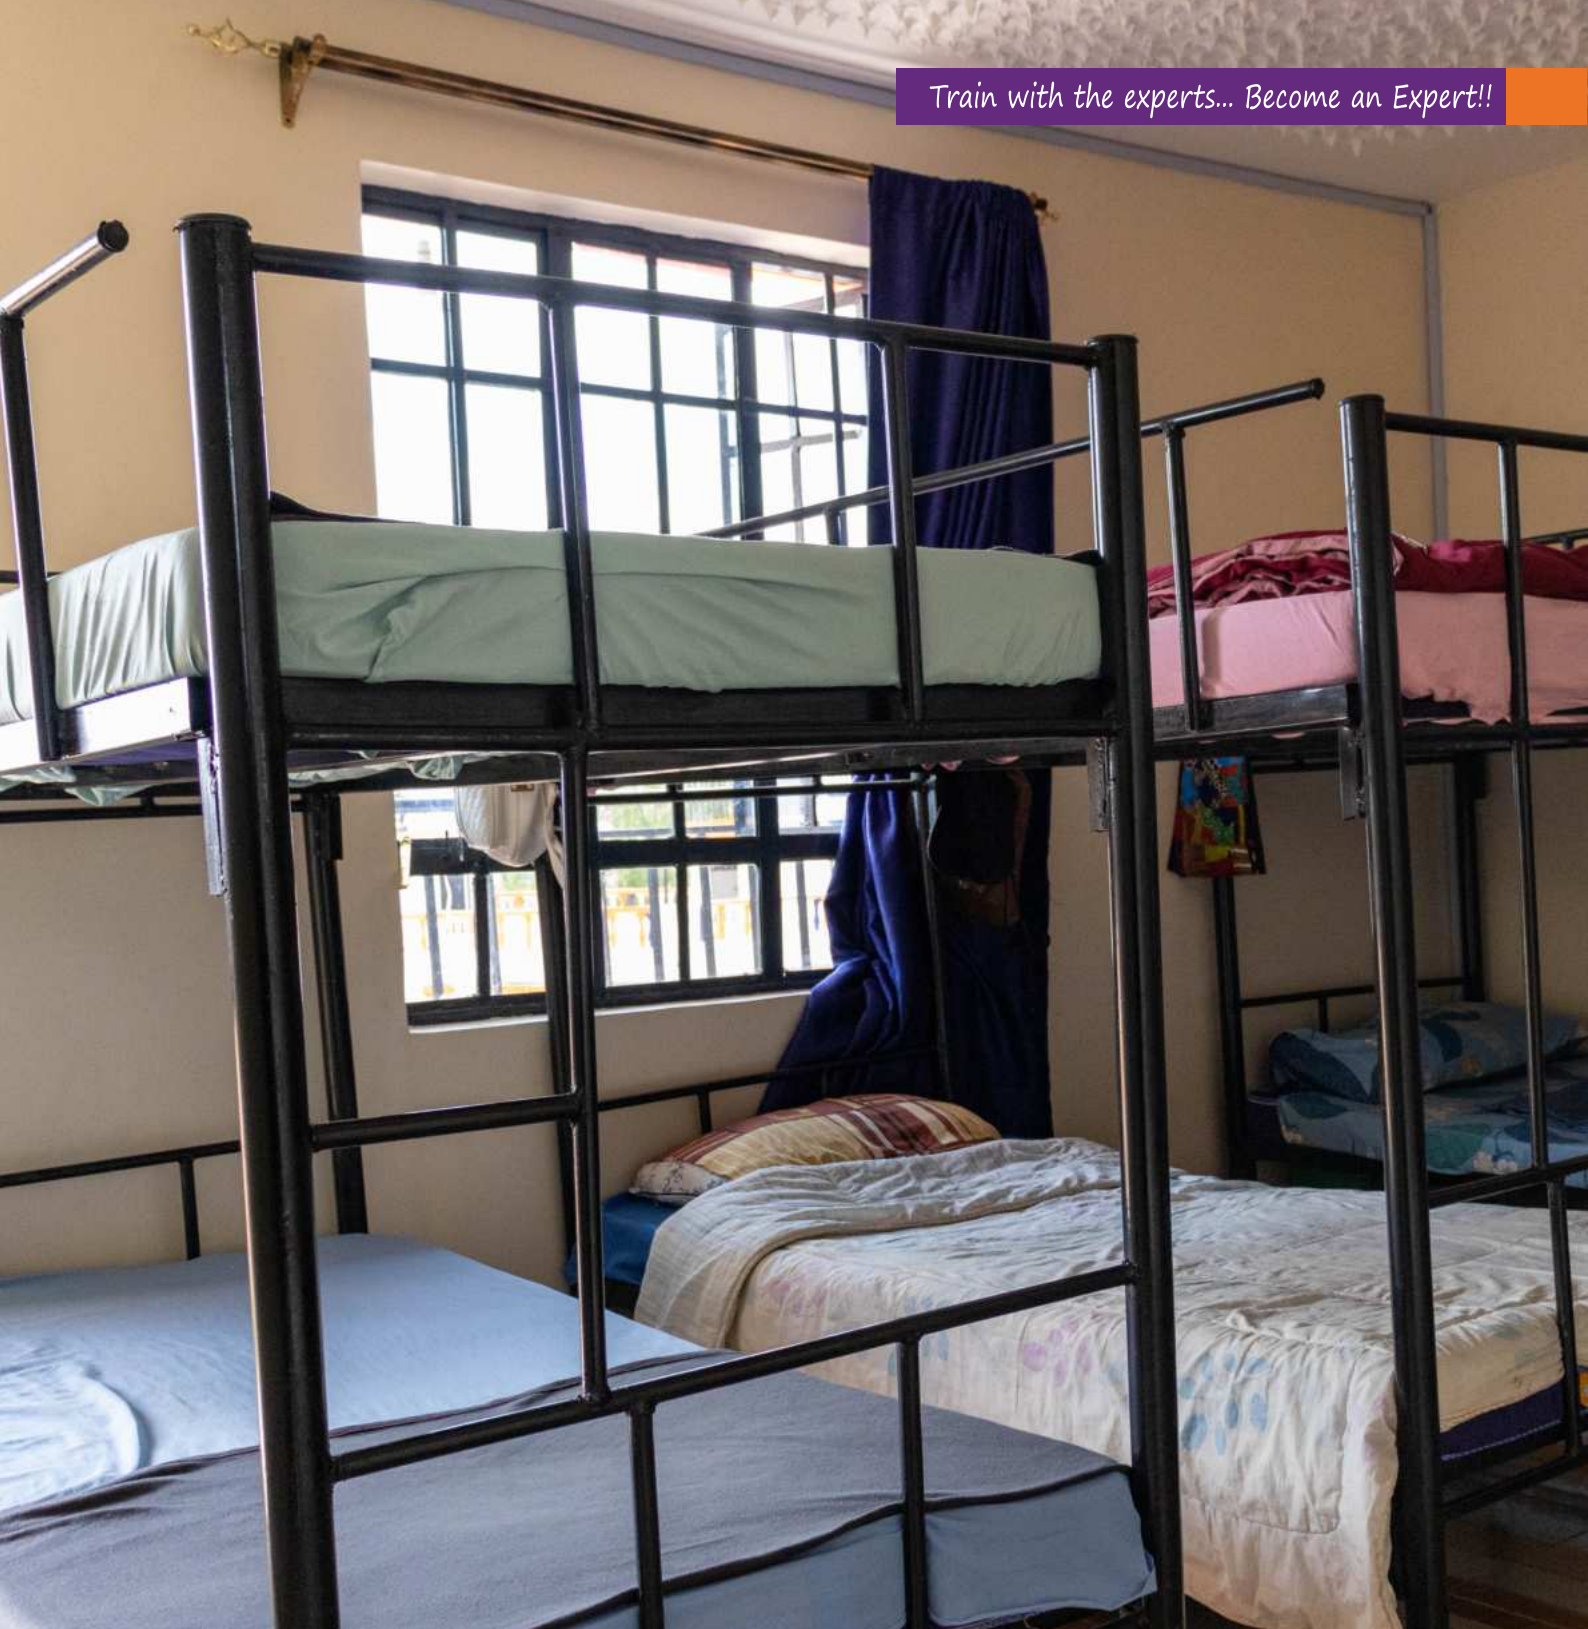

Many of our students have secured jobs locally in various organizations, hospitals, companies, health and medical centers, homecare, personal/private assistants, long-term care and nursing homes, and other facilities.

By God's grace, most of our students have also relocated abroad to different countries for job and employment opportunities in different sectors, organizations, hospitals, companies, hospitality industry, elderly care facilities, nursing homes, and other facilities. Our alumni are in countries such as the United Kingdom (UK), the United States of America (USA), Canada, Germany, Qatar, Turkey, Dubai, UAE, etc. Just to mention a few that we are informed of.

Through our sister company, GoCare Health Solutions, we also prioritize and employ our qualified students for home-based health care services here in Kenya.

In all our companies, including the college, when job opportunities arise for any office duties and other day-to-day responsibilities, we prioritize and employ our qualified students. As of today, several of our alumni are working either with our home care clients or are colleagues and work mates in different offices.

We care, and our desire is to see our students empowered and advancing in their careers even after school.

STUDENTS TESTIMONIAL

“GoCare is the place to be for y'all who seek professional healthcare training. I loved it here. Thank you to the teachers and all staff. God Bless you.” - Klavert Daniel

“The best decision I did was to train with GoCare. They are the best training facility for the certificate and diploma medical and health courses. Best professional study, equipment, and guaranteed attachment. Go! Go! GoCare!” – Joseph Karani

“It was great being part of the GoCare Training Institute. I believe I'm now an expert. God bless you GoCare!” - Wycliff Mugwimi

“I like the fact that the programs are all about learning how to help people, especially the people who are in need of health care. It's all about giving back to the community. You get skills in a short period of time.” - Susan Kimani

“They gave me the best they could when I was training with them. GoCare is the place to be when you think of medical and healthcare careers training.” - Joyce Gathoni.

“The training was interesting and informative. Well detailed. Friendly lectures and staff. Registered and accredited by the government. GoCare you are the Best!” - Sir Ogada

“GoCare trainers are the best. They are pioneers who have Identified the need for caregiving, there is no other comparison with them.” – Ian Chege

The institute is very professional and organized. I acquired more than I anticipated. Your dedication, passion, and love to train are amazing. Continue with the good and amazing work. I highly recommend the institution to other learners.” - James Wambui

“Training the best Caregiving and Homecare experts. I approve and recommend anyone who intends to take a course involving Caregiving and Home Care services.” - Loise Wairimu

“I fully recommend GoCare Training Institute 100%. Have faith, apply, join, and finish with a smile, never regret! And enjoy your fulfilling medical career thereafter.” – Cynthia Wambui

“You have played a great role in my life and now I am better than before. Thank you so much GoCare.” - Judith Arogo

“I'd recommend everyone who wishes to do a health care course to study at GoCare Training Institute. It's a very good training institution and the teachers are very friendly. Thank you.” - Peter Kamau

“An institution of excellence, growth, and advancement. For learners willing to expand their knowledge, get a chance for employment and soar higher in their careers, GoCare is the place to be.” – Grace Wanjiru

“I was trained at GoCare. It's a good school. Thank you!” – Fatma Hussein
